You awake in the middle of a terrible nightmare. You have no idea where you are, or who you are, or why you're here. You only know for sure that you need to escape. By the way, it's not weird to be naked in the middle of a dream. This happens a lot. Description of the Game: After a strange dream, you awake in the middle of a dark and empty village. You remember being attacked, and you decided to escape by chance. You managed to do that and you are looking for the exit. You're wandering in the middle of the empty village. The only sound you hear, the only thing you can see, are the shadows and the darkness. You are completely unaware of your current situation, as you look at the place where you woke up. Each choice you make will bring you an immediate danger. -Day 1: The first day will be the most calm day until you find your way in the night. You will have to find the way to a safer place and find an exit. -Day 2: The second day will be the most dangerous day until you find a way out of that place. -Day 3: The third day will be the most confusing day until you find a way out of that place. -Day 4: The fourth day will bring a surprise to your mind. Every step is dangerous. But, you need to survive until the end. Controls: An impulsive action can cause an irreversible damage. You need to walk and move. Press the A button to turn on the flashlight. You can jump. Press the B button to store the place or items you have found. Press the L button to save your progress. Press the Z button to pick up an object. Press the D button to remove a part of the items you have found. The more you use the item, the faster it will disappear. You can't break anything if you don't know how it works. The game features a local highscore with a ranking system. Have fun!! Want to help? This is largely due to the fact that you can't move while you're getting hit with gravestones. You also have to worry about being knocked down, which gives your enemy a much more stable and accurate frame on you. Originally Posted by Polari1 The Dark Gales are devastating in numbers! Dark Gales aren't terribly hard, though they have a lot of hitboxes that leave a lot of things open to an attack. This is one reason that they're basically ducking attackers for an easy kill and then spiking them with a knockback. The Leylines are easy to avoid in most situations, though they'll knock you back if you fall out of them. Originally Posted by Polari1 Tower Leylines aren't an

Thirty-one postseason road playoff victories -- the most in NFL history. Twenty-five playoff wins in a row. Thirty-three wins in 34 games to start a season. Fourteen straight division titles; three Super Bowl titles. Eight titles in thirteen years. Twelve first-round playoff wins. No playoff appearance until the 6th year of the 5,000-game era. Four NFL championships in the past six years. St. Pauli -- a German bar and live-music venue. Sports Illustrated inaugurated its "Heroes and Villains" feature in 1966, concentrating on money-minded owners. Don Shula, former Notre Dame standout, came to symbolize the anti-hero. 1979 Not to be confused with the so-called Watergate offseason, the Steelers' Baker was the team's first official African-American coach, hired by Bill Stallings with Art Rooney's approval. The Steelers' Rooney, however, didn't like the move, saying that Baker would be "easily replaced." After two losing seasons, Baker was replaced by Dan Reeves. 1981 Just three years after Lavelli briefly left to coach the Bengals, Lavelli came back to Pittsburgh. He joined second-year quarterback Terry Bradshaw in constructing an offensive machine. With the help of wideouts Lynn Swann and Jack Smith, Lavelli's ground-based attack gave the Steelers the first 1,000-yard back in team history. Pittsburgh had
