Harmony remote download Harmony remote tv Harmony remote Harmony remote apple tv Harmony remote app MobiTV v2 - Harmony Remote settings MyBennett iPad 5 - Google Play Edition - Harmony Remote Android So I did a bit of googling, and after some investigations, I found this. I thought that I could add this to my Harmony, so that it would use the DroidQR. From the developer's note at the

bottom of that thread, it looks like the author of this app is making some good assumptions about what can be done and isn't being super clear. It looks like it may also not actually work on a Droid Q, so you may need to try that. I am still not entirely sure, but it might be worth a shot. If you do attempt it, let us know how it went. And thanks for posting, 'cause I had some questions about it.

=^.^= A: I think this is what you are looking for. It sets up your DroidQR for use with iDevices (no need to jailbreak it). You can download the QR On iDevice.

Q: Complement string in JavaScript I want to know how to display the reverse of string in JavaScript. That is, complement of a string in JavaScript For example: abc should display cba xyz should display yxz A: The general way is: var reverseString = str.split('').reverse().join(''); A: you can use String.reverse, like so: var s = 'abc'; alert(s.reverse()); // cba A: var string = 'abc' var string_reverse = string.split(' ').reverse().join(' '); alert(string_reverse) Q: How to make nice margin/padding in D3 between SVG & div I made a tab with D3. And I want to have between SVG and div some margin/padding. I have this: .container { background-color: lightgrey; width: 90%; margin: 20px auto 20px auto; } svg { /* This works,
